## Our Mission

The Academic Link, one of the great strengths of the university, “links” students to a wide array of accessible academic support services and innovative programs to help students in their pursuit of success and independent learning as they work towards achieving their academic as well as career goals.

Any SU student is eligible for FREE tutoring or other academic assistance in most subjects.

## Our Tutors

Our tutoring program is certified by the College Reading and Learning Association. The Link is staffed by professional and qualified peer tutors. Tutors attend training workshops each semester to earn certification on the Regular, Advanced, or Master levels.

## Our Academic Support Services

**Tutoring**, a free service to all SU students, is provided in most academic subjects. Individual or group tutoring sessions are available. If you are interested in collaborative learning, our staff can facilitate the organization of study groups.

**Supplemental Instruction (SI)** provides two or more free coach sessions a week in selected courses. The SI Leader reviews course content, study strategies, note-taking skills, and test preparation with students.
